GIG257 – God's Final Solution Revealed

Hi everyone, and welcome to this podcast. I am really delighted to present this information for you today, because I am talking about the new book that just came back from the printer. We have been working on this book for a long time, it seems like forever, and finally we have everything completed and I am getting my first copies back from the printer. The book is now out and available. So I want to just speak to you a little bit about this book, and encourage you to go out and order a copy today.

The title of this book is *God's Final Solution REVEALED*. I am going to read to you a few things out of the Foreword of this book just to give you an idea of what it is about, talk about it a little bit, and hopefully pique your interest so that you will be excited, as I am, about getting your copy of the book. It is a wonderful read, and I think that hopefully you will be educated by the material that is available here.

The title of this book is *God's Final Solution REVEALED*. As you probably know, the Nazis engineered what they labeled "The Final Solution," which was an attempt to annihilate the entire Jewish population of the world. This evil plan might have succeeded were it not for the absolute defeat of the Nazis by the Allied forces in World War 2. In sharp contrast, God's final solution involves the preservation of the Jewish people and the restoration of the land of Israel, something that we are witnessing take place before our eyes. This is key to God's final solution of judgment, the return of Messiah, and the establishment of His Kingdom on earth.¹

As I read some of these paragraphs from the Foreword, I want them to really have an impact upon you. The idea of this title is obviously going back to what Hitler had intended as the final solution; and it is interesting how for so long, many, many nations have had their solutions and their plans for the Jewish people, as well as for the land of Israel. Yet in all the history of that, they have forgotten the fact that the Jewish people are God's chosen people, His covenant people, and Israel is His chosen land for them. Most of the time with politicians and other individuals that have their ideas about the land of Israel, what should be done with it, and how it should be governed, they forget the fact that it is God's. It is God's land, it is God's people, and God has a plan. I think the sooner we recognize that plan and we become a part of working with it and proclaiming it into existence in our prayers, the better off we will all be, and certainly the better off Israel will be. So, I want to continue with reading some portions to you.

Anti-Semitism in the world has increased at a shocking rate to levels we have not seen since the 1930s in Germany. We cannot allow anything in our hearts that would be in any way sympathetic to or entertain the world's negativity toward Israel and the Jewish people. We are to believe the Word of God over Israel and declare its fulfillment in our day.²

In writing this book, what I am believing to do is clarify what God's Word says about the Jewish people and about the land of Israel, so that we are able to declare by faith and with a given heart to see the fulfillment of all of His Words and all of His promises.

The next portion I am reading says,

And the Word of God clearly shows us the fulfillment, the peace, and the breakthroughs that are just ahead for Jerusalem, for Israel, and for the Jewish people. God is going to bring health and healing to His chosen people: "I will heal them; and I will reveal to them an abundance of peace and truth" (Jeremiah 33:6). Whatever Israel has gone through, whatever Jerusalem has experienced, and whatever trouble the chosen people of God have seen, God is going to bring forth health and healing. He is going to reveal an abundance of peace and truth. He will restore the fortunes of Israel and rebuild them as they were at first (Jeremiah 33:7). We must free ourselves from the anti-Semitism that is inherent in the negative beliefs and doctrines concerning what happens to Israel in the last days.³

Now this statement is addressing what we find so often in and through the Christian Church, its doctrines, its statements of faith, its attitudes; they have been shaped by a great deal of anti-Semitism, of supersessionism, and of replacement theology. It is very important that we in these days not be trapped into those thinkings, and that we not continue to walk with the Lord and be Christians, and be the body of Christ and Church, and yet allow these thoughts and beliefs to continue. They must be searched out and repented of, and that is what is being addressed here.

There will be blessings and safety that come to this land by virtue of the seed of David being seated upon the throne of Israel. The Lord also spoke to Jeremiah and said, "Thus says the Lord, 'If you can break My covenant for the day and My covenant for the night, so that day and night will not be at their appointed time, then My covenant may also be broken with David My servant so that he will not have a son to reign on his throne, and with the Levitical priests, My ministers. As the host of heaven cannot be counted and the sand of the sea cannot be measured, so I will multiply the descendants of David My servant and the Levites who minister to Me.'" (Jeremiah 33:20-22)⁴

This is something that is so key, because through much of Christianity and in much of the Church, there is this feeling, or belief, or doctrine, that God has discontinued His covenant and relationship with the Jewish people and with the land of Israel; and that because of their lack of faithfulness to follow the Law of Moses, He no longer is working with them as His chosen and covenant people. But these verses in Jeremiah make it very clear to us by saying, "Thus says the Lord," this is God speaking, "'If you can break My covenant for the day and My covenant for the night, so that day and night will not be at their appointed time, then My covenant may also be broken with David.'" What is He saying here? He is talking about the fact that every morning when we wake up and we look out at the sunrise, we are seeing God's confirmation to the world, to the earth, to us individually, that His covenant with Israel, His covenant with the Jewish people, still stands. It is still valid and it will be fulfilled. There is nothing that we can do. When we see the sun go down at night, again He is reminding us, in the same day, that His covenant still stands. We need to see how serious God is about His Word, about the covenants He has

made with Israel, with the land of Israel, with the peoples no matter where they dwell in the Diaspora today, to see every promise fulfilled and brought to pass.

We see in this time that there is a faithfulness God has to His people and to the land, and we will see the fulfillment of His Word always coming to pass. So I encourage you. I am excited about this book, because I think it is something that helps a great deal in bringing clarity to us now in our generation to recognize what is the place of the Jewish people, what is the place of Judaism, what is the place of Israel, and what is the place of the Church, the Gentile Church in this day and hour, and how it should be in a relationship with the Jewish people and with Israel. So I hope that you will find it very helpful. I hope you will find it to be very, very biblical, to see the Scriptures really laid out for you to study, to pray over, to understand. I pray that our hearts will be open and our eyes will be enlightened to see that there probably is very much a need of repentance upon us as the body of Christ to free ourselves from the conditionings that we have had imparted to us over many years of our upbringing, both in society as well as in the Church. So I ask you to please consider going to Amazon and looking up this new book, *God's Final Solution REVEALED*. It is available today through Amazon. At some point we will have it available on our website at hargraveministries.org, and you will be able to order it through our store. We also will be sending out advertisements with special offerings for this book. But get it as soon as you can and spend some time to prayerfully review it.

I hope you enjoy it. I hope it will be a blessing to you. I am sure there are things in here that will be very challenging; some people may find it even offensive in its honesty of being spoken. But I think that we are facing in this day and age a level of anti-Semitism that requires an honest answer. There needs to be a response, and yes, even a rebuke to what has been allowed to exist as anti-Semitism, not just in our society but in our churches. And so, we are asking and believing as we bring this offering to you that the Lord grant us a repentance and a freedom from not only the negative sides, but also that He grant us a new connection with Israel, with the Jewish people, with the Word of God and what the Word of God says and proclaims over and over again will happen in these end days. People believe we are in the end times; and if we believe that we are in the end times, then it behooves us to know what God has planned, and what He has said He would do and the fulfillments He would bring in these end days. And I believe that the relationship with Israel and the Jewish people is a major part of that.

So once again, I encourage you. I thank you for listening to this. I thank you for being a part of these podcasts.
